

## COVID PROTOCOLS—

Each color coded phase is determined in collaboration with the Vernon County Health Department and medical professionals. It should be noted that it is possible our elementary hallway and high school hallway could potentially be operating in different phases or colors within the same time frame, depending on our building circumstances.

Sheldon R-8 is always keeping your student's safety and our teachers' safety at the forefront of all our decision making. As a result, these protocols may change at anytime.

## GREEN PHASE

Instruction	Activities	Transportation	Food Service	Safety	Cleaning
In-person learning is priority, conversations, and engagement.	Participate in school sponsored activities and programs.	Encourage parents to transport their student(s).	Cafeterias available with necessary precautions and scheduling.	Scheduled hand sanitizing/hand washing.	Enhanced cleaning in each hallway throughout the day and a focus on high touch surfaces.
Access to building services available.	Mask/face coverings recommended for students and staff.	Family units or households sit together on the bus.		Masks provided for each student with recommendations for wearing.	Deep clean of classrooms and district facilities as necessary.
Learning Management System (3-12: Google Classroom, iReady, etc.)	Strict guidelines for spectators	Mask/face coverings are required for bus drivers & students (Grades 3- 12)		Visitors to the building are limited to approved educational activities during the instructional day.	
Weekly feedback about academic progress.	Non-Sheldon R-8 activities on a condensed schedule.			Social distancing with age- appropriate expectations.	
Devices issued through checkout as needed.
